## WELCOME TO USA HOCKEY

With a membership of more than 535,000 ice hockey players, coaches and officials, USA Hockey's mission is to promote the growth of hockey in America and provide the best possible experience for all participants.

For the beginner, USA Hockey provides Skill Development and Cross-Ice programs to introduce players to our sport, as well as age-specific practice plan manuals for all age levels. In addition, USA Hockey annually conducts District and National Championship Tournaments for youth, girls/women, juniors and adults. The organization also sponsors regional and national player identification development camps and festivals.

USA Hockey certifies and administers Junior Tier I and Tier II hockey. The purpose of the Junior program is to provide an opportunity for high-level players to develop their skills in preparation for collegiate and professional careers.

One of the fastest growing segments of USA Hockey's membership is girls' and women's hockey, which has grown more than 900% since 1990. In addition the overall membership of USA Hockey has more than doubled since the early 1990's.

Complimenting its grassroots efforts, USA Hockey is also the official representative to the United States Olympic Committee (USOC) and the International Ice Hockey Federation (IIHF). In this role, USA Hockey is responsible for organizing and training men's and women's teams for international tournaments that include the IIHF World Championships and the Olympic Winter Games.

For coaches and officials, USA Hockey provides comprehensive training and certification programs and produces training manuals and videos as a part of the Coaching Education Program and the Officiating Education Program. USA Hockey also maintains playing rules and promotes uniformity in the interpretation of those rules.

An extensive risk management program as well as parent education materials are also included in USA Hockey's benefit package. Details on all insurance coverages provided by USA Hockey are described in this brochure.

USA Hockey also publishes *USA Hockey Magazine*, the world's most wide-circulated hockey publication. A copy is sent to the household of every registered member 10 times per year.

For more information on the benefits of being a USA Hockey member, visit [usahockey.com](http://usahockey.com), the organization's official website, which also offers up-to-the minute coverage of hockey news and events.
